X4 M

THE X4 M COMPETITION

TOUCH  
THAT CHILLS.

# X4 M COMPETITION.

■ The M leather steering wheel with shift paddles provides a direct, athletic steering experience. The red M1/M2 buttons call up preset M Drive configurations.

■ The valve-operated, M Sport exhaust system delivers either a particularly sporty or more low-key engine sound, depending on the driver's preference.

■ 21" M light alloy wheels Double-spoke style 892 M Bicolour Jet Black with mixed tyres, forged, front wheel size 9.5J x 21 with 255/40 ZR21 tyres, rear wheel size 10J x 21 with 265/40 ZR21 tyres.

■ The multi-adjustable M Sport seats with bucket seat character and partly integrated headrest provide excellent lateral support for you and your front passenger. In addition, the backrest width can be individually adjusted. Their special design with illuminated M logo highlights the vehicle's athletic capabilities.

□ The M lights Shadow Line include a Black finish of all chrome elements in the Adaptive LED Headlights, creating an unmistakable, sporty design.

## X4 M COMPETITION EXTERIOR EQUIPMENT RANGE:

- 21" M light-alloy wheels double-spoke 892 M Bicolour Black with mixed tyres, forged
- M Sport exhaust system
- M high-gloss Shadow Line with extended features

## X4 M COMPETITION INTERIOR EQUIPMENT RANGE:

- M Sport seats
- M 'Merino' leather with extended features
- M seat belts
- Entry sills ('X4 M Competition')
- Competition badge in the centre console

The availability of some equipment, functions, and digital services depends on engine variants or additional optional equipment. The offer structure as well as market and production availability may vary. For detailed information on availability, terms and costs, please contact your local BMW partner.

■ Standard equipment □ Optional equipment

# EQUIPMENT HIGHLIGHTS.

□ The Instrument panel in Sensatec lends the interior of the vehicle a highly exclusive atmosphere. The artificial leather is applied directly to a semi-rigid foam, and features an impressively soft surface. The wear-resistant material around the door panels on the front and rear features attractive double-lap seams.

□ When open, the Panorama glass roof provides a great deal of fresh air. Closed, it creates a bright, light-flooded atmosphere in the interior. It opens and closes completely automatically at the push of a button or with the vehicle key, and is equipped with slide and lift functions, roller sunblind and wind deflector.

□ The M anthracite headliner<sup>1</sup> together with body pillars and grab handles also lined in anthracite ensure a sporty ambience in the interior.

□ The full-colour BMW Head-up Display<sup>2</sup> projects all information relevant to the journey directly into the driver's field of vision, thereby allowing them to fully concentrate on driving. Information such as the current speed, navigation directions, speed limit display including no-overtaking indicator, along with telephone and entertainment lists are displayed, depending on the equipment.

□ The tonally outstanding Harman Kardon surround sound system features a 464-watt digital amplifier, nine channels and 16 speakers. Its sophisticated sound perfectly fills the interior space. Vehicle-specific, speed-dependent equalising precisely compensates for any background driving noise.

■ The variable sport steering with Servotronic creates a direct and agile steering response and ensures that less physical effort is required to turn the wheel. It reacts to the angle of the steering wheel with varying steering ratios. This improves handling when driving more dynamically and reduces the effort needed to steer when parking and turning.

■ Performance Control intervenes via engine control and through controlled braking of the drive wheels towards the inside of the bend. This distributes more drive power to the outer wheels. Directing the vehicle's angular momentum into the curve to boost agility and directional stability.

■ Standard equipment □ Optional equipment

<sup>1</sup> Standard for M Sport package, M40i and M40d.

<sup>2</sup> The information in the BMW Head-Up Display is not fully visible when viewed through polarised sunglasses. Content shown will depend on the equipment options chosen. Further optional equipment is required to display specific items.

The availability of some equipment, functions, and digital services depends on engine variants or additional optional equipment. The offer structure as well as market and production availability may vary. For detailed information on availability, terms and costs, please contact your local BMW partner.

# EQUIPMENT HIGHLIGHTS.

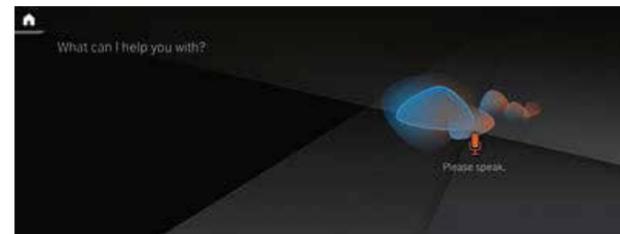

□ The BMW Live Cockpit Professional with navigation function includes two high-quality displays consisting of a high-resolution 12.3" Control Display that can be operated by touch and a fully digital 12.3" instrument display. The BMW Operating System 7 can also be operated via the iDrive Touch Controller.

□ Prepared for everything: with the Connected Package Professional, you can secure the most important services from BMW ConnectedDrive.

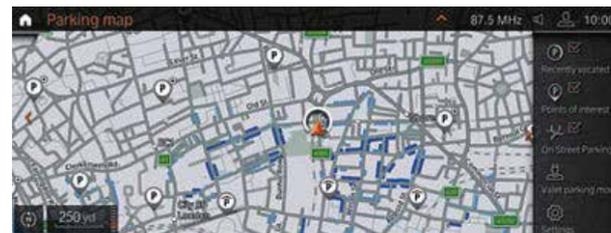

□ 'Alexa, add teabags to my shopping list.' 'Alexa, what is the weather like in Munich?' With the Amazon Alexa Car Integration<sup>1,2</sup>, using the voice service in your car is effortless, just as you are used to at home. Alexa's responses are also shown as visual feedback on your vehicle's control display.

□ The innovative operating concept of the BMW Operating System 7 enables even easier operation of vehicle functions via e.g. speech, touch screen and iDrive control – very intuitively. For this purpose, the functionality of the Controller has been upgraded. So now the apps menu can be selected directly.

□ Wouldn't it be incredible if your BMW was also your personal vehicle expert? Communicate with your vehicle using the BMW Intelligent Personal Assistant. Say natural commands to operate numerous vehicle functions. It can also explain topics about your vehicle and helps you to get to know your BMW even better.

□ Smartphone Integration<sup>3</sup> is permanently available in the vehicle. It includes Apple CarPlay and Android Auto. Due to possible future technical developments (e.g. of mobile phones), the usability of the Apple CarPlay or Google Android Auto service cannot be guaranteed permanently. CarPlay is a trademark of Apple Inc. Android Auto is a trademark of Google LLC.

□ So that you really are at your destination: BMW Maps – Connected Parking saves you the hassle of searching for a parking space and reliably guides you to the next available parking space near your destination. Your BMW suggests vacant spaces in large parking facilities or on the street and recommends the route with the highest likelihood of an available space.

■ Standard equipment □ Optional equipment

<sup>1</sup> For the integration of Amazon Alexa Car Integration, an Amazon account is needed.  
<sup>2</sup> Amazon, Alexa and all associated logos are trademarks of Amazon.com, Inc. or its affiliates.  
<sup>3</sup> Smartphone Integration is permanently available in the vehicle. It includes Apple CarPlay and Android Auto. Due to possible future technical developments (e.g. of mobile phones), the usability of the Apple CarPlay or Google Android Auto service cannot be guaranteed permanently. CarPlay is a trademark of Apple Inc. Android Auto is a trademark of Google LLC.

The availability of some equipment, functions, and digital services depends on engine variants or additional optional equipment. The offer structure as well as market and production availability may vary. For detailed information on availability, terms and costs, please contact your local BMW partner.

# EQUIPMENT HIGHLIGHTS.

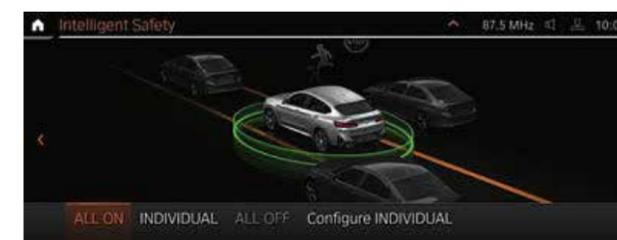

□ The Driving Assistant safety package<sup>1</sup> includes Front Collision Warning with brake intervention, Manual Speed Limit Assist including Speed Limit Display with no-overtaking indicator and pre-warning as well as rear crossing traffic warning. Lane Departure Warning and Lane Change Warning with active return, as well as rear collision warning complete the features.

□ The Parking Assistant<sup>2</sup> makes parking the vehicle easier. The Reversing Assist Camera and Reversing Assistant support the driver when reversing. Active Park Distance Control offers increased protection against damage caused by parking. Parking Assistant parks the vehicle automatically, parallel or perpendicular to the street, and leaves parallel parking spaces.

□ The Parking Assistant Plus<sup>2</sup> makes parking and manoeuvring the vehicle easier. The equipment package features the Surround View system, Active Park Distance Control and the Parking and Reversing Assistant. The Surround View system makes parking easier by making the area around the vehicle visible with Top View, a Panorama View with automatic activation as well as a 3D View on the Control Display. You can see the parked vehicle's surroundings even from a distance, using Remote 3D View on your smartphone. When parking manually, additional sensors monitor the areas on the sides of the vehicle and obstacles are represented on the Control Display. The Active Park Distance Control emergency brake function helps prevent collisions during reverse parking. Parking Assistant parks your BMW automatically in parking spaces that are parallel or perpendicular to the street, and can also leave parallel parking spaces automatically. The system measures potential parking spaces while driving slowly past them (at speeds below 35 km/h) and at a maximum distance of 1.5 m from the row of parked vehicles. Once a sufficiently sized parking space has been found, you just need to turn on the indicator and the Parking Assistant takes over the steering, and covers gear selection and acceleration. All you need to do is monitor the parking process. If you have driven a route forwards while manoeuvring, Reversing Assistant records up to 50 m of this route so that it can drive back the same route on request.

□ Driving Assistant Professional<sup>1</sup> offers optimum comfort and safety during critical or monotonous traffic situations. Apart from the contents of the Driving Assistant, it also includes Steering and Lane Control Assistant with extended functions, Emergency Stop Assistant and Lane Keeping Assistant with active side collision protection.

■ Standard equipment □ Optional equipment

<sup>1</sup> Function may be limited in darkness, fog or bright glare.  
<sup>2</sup> The driver is responsible for constantly monitoring the automated parking procedure in accordance with local road laws.

# EQUIPMENT HIGHLIGHTS. PERFORMANCE.

□ The Adaptive M suspension<sup>1</sup> can be electrically adjusted at any time to suit the road and driving conditions. You can also adjust the suspension characteristics via the Driving Experience Control to enable your preferred driving style at the time – from comfortable to extremely athletic with markedly agile handling.

■ Standard equipment □ Optional equipment

<sup>1</sup> Only available for M Sport package, M40i and M40d.

The availability of some equipment, functions, and digital services depends on engine variants or additional optional equipment. The offer structure as well as market and production availability may vary. For detailed information on availability, terms and costs, please contact your local BMW partner.

■ Standard equipment □ Optional equipment

<sup>1</sup> Only available for Competition models.

<sup>2</sup> Standard for Competition models.

The availability of some equipment, functions, and digital services depends on engine variants or additional optional equipment. The offer structure as well as market and production availability may vary. For detailed information on availability, terms and costs, please contact your local BMW partner.

Please note that even normal long- or short-term use can lead to unrecoverable upholstery damage. This can be caused in particular by non-colourfast clothing. Please note that the interior colour depends on the selected upholstery colour.

## ORIGINAL BMW ACCESSORIES.

Intensive driving experiences, even further enhanced: Original BMW accessories are the best match for an original BMW. Whether wheels and tyres, transport and luggage compartment solutions, interior accessories, communication, information and technology, charging accessories or M performance parts, with original BMW accessories you'll find exactly the individual solution that will allow you to discover driving pleasure as if for the first time.

### WHEELS AND TYRES.

With original BMW complete wheels, you'll reach your destination safely, and emphasise the sporty appearance of your BMW from the very first glance. But what you don't immediately realise is that they are precisely tailored to your BMW, are subject to very stringent tests with intensive material and function checks, and have been developed in close collaboration with leading tyre manufacturers – individually tuned to the driving dynamics and design language of each individual BMW model.

### TRANSPORT AND LUGGAGE COMPARTMENT SOLUTIONS.

Original BMW Accessories offer you a wide range of transport and luggage compartment solutions. In line with your personal preferences and interests, you can use them to create additional space whenever and wherever you need it. Whether carrier systems or accessories for the luggage compartment, you can always rely on original BMW accessories to be precisely tailored to your BMW, and easy to use.

### INTERIOR ACCESSORIES.

A perfect fit: all original BMW accessory products for the interior help to design the interior of your BMW to fully meet your personal preferences. In addition to the excellent functionality of original BMW accessories, you are also always choosing attractive BMW design alongside extraordinary craftsmanship and material quality – combined with an ambience that will excite you every time you drive.

### COMMUNICATION, INFORMATION AND TECHNOLOGY.

Cutting-edge functions and features for maximum freedom and flexibility: Original BMW accessories for communication, information and technology are always at your side. Whether you value optimum availability by phone or the best sound, the innovative original BMW accessories will have the right solution for you. You'll always enjoy a good connection and custom entertainment, wherever your journey takes you.

### CHARGING ACCESSORIES.

Regardless of where and how you want to charge your new BMW, original BMW charging accessories offer you tailor-made products and services. You can charge your BMW at any domestic socket using the BMW Flexible Fast Charger or, for even more convenience, at a BMW Wallbox from original BMW accessories; what's more, there's also a widespread network of public charging points available for when you're on the road. Innovative Connected Charging services show charging stations in your BMW's information display, for example, or enable you to easily start pre-conditioning your vehicle just using your smartphone.

### M PERFORMANCE PARTS.

With M performance parts, you can experience BMW's motorsport DNA with fascinating intensity, even off the racetrack. A wide range of technical and visual components makes outstanding technology a visible and tangible experience. Exclusive materials and first-rate quality guarantee flawless dynamism. Experience inspiring maximum product performance: individual, expressive and uncompromising.

The availability of the equipment shown and described may vary on a market-specific basis. Your local BMW partner will be happy to advise you on the full range of original BMW accessories.

Discover the whole range of original BMW accessories and the BMW M performance parts product portfolio.

## TECHNICAL VALUES. BMW M AUTOMOBILES.

BMW X4 M		X4 M	X4 M Competition
<b>Weight and volume</b>

Maximum torque	Nm/rpm	620/2750–5450	650/2750–5500
<b>Power transmission</b>			
Type of drive	–	M xDrive	M xDrive
Standard transmission	–	M Steptronic	M Steptronic
<b>Performance</b>			
Top speed	km/h	250 <sup>5</sup>	250 <sup>5</sup>
Top speed with optional M Driver's Package <sup>6</sup>	km/h	285	285
Acceleration 0–100 km/h	s	4.0	3.8
<b>Consumption and emissions</b>			
Exhaust emissions standard (type-certified)	–	EU6d	EU6d
WLTP <sup>2,3,4</sup>			
► Combined	l/100 km	10.5–10.9	10.5–10.9
► Combined CO <sub>2</sub> emissions	g/km	239–248	239–248
<b>Wheels/tyres</b>			
Standard wheels	–	Front: 255/45 Z R20 Rear: 265/45 Z R20	Front: 255/40 Z R21 Rear: 265/40 Z R21

The figures for performance, fuel consumption and CO<sub>2</sub> emissions refer to vehicles with standard transmission.

<sup>1</sup> The EC unladen weight refers to a vehicle with standard equipment and does not include any optional extras. The unladen weight includes a 90% full tank and a driver weight of 75 kg. Optional equipment may affect the weight of the vehicle, the payload and the top speed if the selected equipment has an impact on the vehicle's aerodynamics.

<sup>2</sup> Performance data of petrol engines apply to vehicles using RON 98 fuel. Fuel consumption data apply to vehicles using reference fuels in accordance with EU Regulation 715/2007. Unleaded RON 91 and higher with a maximum ethanol content of 10% (E10) may also be used. BMW recommends RON 95 super unleaded petrol.

<sup>3</sup> Official data for fuel consumption and CO<sub>2</sub> emissions were determined according to the prescribed measuring procedure and in accordance with European Regulation (EU) 715/2007 in the applicable version. In the event of ranges, data determined as per WLTP takes into account any optional equipment (available on the German market in this case). For vehicles that have been newly type approved since 1 January 2021, only the official data according to WLTP exist. For more information about WLTP and NEDC measuring procedures see [www.bmw.com/wltp](http://www.bmw.com/wltp)

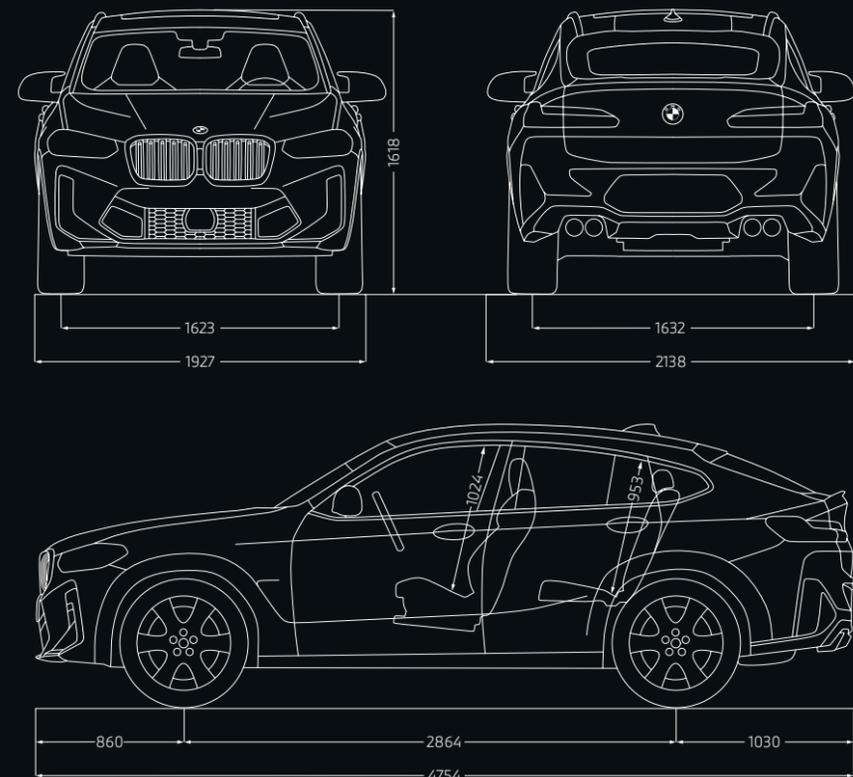

<sup>4</sup> From 1 September 2017, certain new vehicles have been being tested according to the World Harmonised Light Vehicle Test Procedure (WLTP) before type approval is granted – the WLTP is a new procedure that provides a more realistic way of measuring fuel consumption and CO<sub>2</sub> emissions. As of 1 September 2018, the WLTP replaced the New European Driving Cycle (NEDC), the previous test procedure. Due to the more realistic testing conditions, the fuel consumption and CO<sub>2</sub> emissions are, in many cases, higher than when measured according to the NEDC.

<sup>5</sup> Electronically limited.

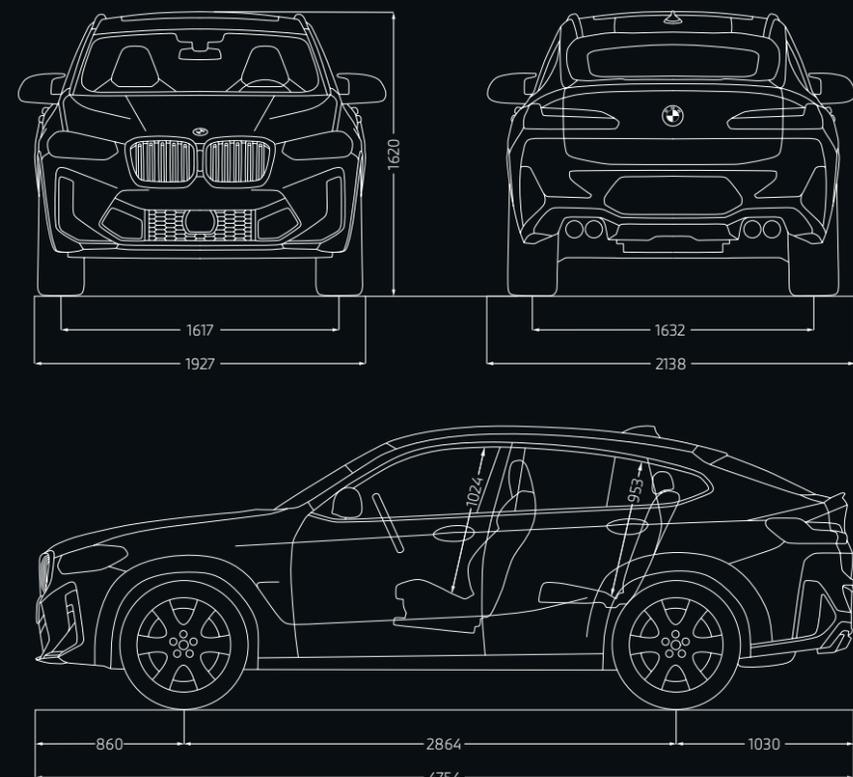

<sup>6</sup> The raised top speed is only available after the first service following the 2,000 km run-in period.

## BMW SERVICE.

Always there for you: Your BMW Service Partner is there for helpful, expert support for everything to do with your BMW. Our aim is to make every journey in your BMW as pleasant as possible. A major worldwide network of workshops offers premium service from BMW specialists, innovative diagnostic technologies, and rapid availability of precisely fitting original BMW parts as well as original BMW engine oil. There are many great reasons to choose services from BMW, but there's one that really stands out: that driving pleasure that sets your BMW apart from the crowd will be yours to enjoy for many years to come with BMW Service.

## WHEREVER, WHENEVER: OUR COMPREHENSIVE SERVICE.

Many BMW services can be easily booked and tracked online – so you can use your time for the really important things in life. Stay independent and flexible with online appointments and remote services. Take advantage of our innovative digital products and services such as online video advice, and get all the relevant information on your smartphone. And if you don't want to stop but have no choice, our BMW Breakdown and Accident Assistance service will help.

## NOTES.

Or doodles.

A large grid of dots for taking notes or doodling.

Of course, each vehicle is designed for economical recycling after its long-running life.  
You can find more information regarding your end-of-life vehicle on our website
